

# 2018-2019 ECO EDUCATOR

## Keep Cincinnati Beautiful (KCB)

is an award-winning nonprofit organization that works to **reduce litter and blight**, *promote sustainability*, and cultivate community pride through **EDUCATION** and beautification. Our staff helps more than *20,000 students* understand the global impact and universal benefits of sustainability. We do this by providing **FREE** classroom presentations, **assemblies**, and **field trips** that emphasize the importance of energy and water conservation, **waste reduction**, **litter prevention**, and more, while incorporating **STEM** learning through strategic partnerships.

# CLASSROOM PRESENTATIONS

Our environmental education staff will come to any classroom in the public, private and parochial schools of Cincinnati to present a fun and informative lesson! All programs are FREE and ideal for groups of 20-30 students.

**Recycle This** | 7th-12th | 45 minutes

**The Mystery of Landfills** | 7th-12th | 45 minutes

**Understanding Your Carbon Footprint** | 7th-12th | 45 minutes

# SERVICE LEARNING

Participate in our ***Growing Green Habits*** service learning program! Students will be taught our *Recycle This* or *Fred the Fish* classroom presentation and receive all necessary teaching materials to present on their own. These students will serve as mentors and teachers to both their peers and the younger students in their community. Participating students learn about sustainability, while gaining public speaking and leadership skills and a sense of confidence (it's also a great opportunity to earn **community service hours!**).

# GREAT AMERICAN CLEANUP

In order to receive our free environmental programming, **we require your school to participate in this cleanup event** in partnership with Keep America Beautiful and communities all across the nation. Just pick a date and time, and we'll deliver your supplies!

To schedule, contact Kara Luggen

513.352.4386 | [Kara@KeepCincinnatiBeautiful.org](mailto:Kara@KeepCincinnatiBeautiful.org)

# FIELD TRIPS

Offered in the fall and spring on Thursdays. Transportation provided; students asked to bring "zero" waste lunch. Ideal for 25-35 students, 7th-12th grade. We'll visit **Rumpke Landfill & Materials Recovery Facility (MRF)**. The trip lasts appx. 5 hours and it's FREE! *Other opportunities available. Contact for more info.*
